**I. Abstract**

This request is for revision and extension of a current information collection.

The National Oceanic and Atmospheric Administration (NOAA) Office of Education (OEd) collects, evaluates and assesses student data and information for the purpose of selecting successful candidates, generating internal NOAA reports and articles to demonstrate the success of its program. The OEd requires applicants to its student scholarship programs to complete an application for NOAA undergraduate scholarship programs. Part of the application package requires completion of a NOAA student scholar reference form in support of the scholarship application by academic professors/advisors. NOAA OEd student scholar alumni are also requested to provide information to NOAA for internal tracking purposes. NOAA OEd grantees are required to update the student tracker database with the required student information. In

addition, the collected student data supports NOAA OEd's program performance measures.

Revision: New to the alumni student data collection are the Dr. Nancy Foster Scholarship Program and the Recruiting, Training, and Research Program. Both programs have a need to collect information on their program alumni.
